I tender my application for your review and support for appointment to join you in the rank of office for Palm Bay city council.

My willingness to serve has not changed from my prior running for office.

Twenty seven years ago, I made Brevard County my home. I was drawn to the natural beauty and small-town feel. Brevard was then a great place to live, work, play and raise a family.

Over my 27 years here as a kayaker, cyclist and triathlete I have seen our waterways degrade. I used to swim in the Indian River Lagoon, but with the plastic pollution, algae blooms, and muck in our river now. I don't dare venture in the water anymore.

I've bicycled over tens of thousands miles of Brevard and Palm Bay and seen firsthand our aging infrastructure problem, which to the city's credit you all have made vast improvements.

I've worked with the Space Coast Transportation Planning Organization to help create safer roads, multimodal pathways and walkable communities. I understand the backlog of road maintenance projects on all levels—city, county and state; and will continue to coordinate efforts to build a safer Palm Bay. A strong infrastructure — transportation, utilities — is essential to our cities economic development and prosperity. I want to look to our future and work toward energy independence with our tax dollars through green energy projects that will support our utilities and emergency services.

In the city of Palm Bay I have served on the Utility Advisory and Recreational Advisory Boards. I have also proudly served on the Charter Review Commission to bring fiscal responsibility, as unpopular as it was to a minority, to any future special election.

Proven that I am not coerced by a small angry mob, but will do what is right for the city and citizens.

For Palm Bay to prosper, we need to support and grow our local businesses both large and small. When they prosper, there are more jobs, more opportunities for our residents to support themselves and their families. This can make all the difference for many of us who were hit hard by the economic downturn in 2006 and are still struggling through a recovery where wages have not kept up with housing costs.

More than ever we are seeing unprecedented government overreach from Tallahassee on local/small government and businesses. Year after year we see Legislation to limit

the authority of local government and micro manage to the detriment of the will of the citizens in specific communities. I will be a voice on the council who will stand up for Palm Bay and municipalities like it. To work with groups like the League of Cities to mitigate the damages that has been done by the Florida State Legislature with preemption laws in the environment, education, the economy, social and criminal justice and others.

Florida home prices has become untenable. Many families have to work two or more jobs to be able to pay either a rent or mortgage. The housing problem is not just supply and demand. It is in part the preemption laws from the State to a community to not be able to ensure housing is made available to all Floridians. The state also bears responsibility in the exponential increases in home insurance. Unfortunately, the solution isn't short-term and local government is bearing the responsibility of dealing with this problem that Tallahassee has created over decades of neglect. I will work to come up with creative ways to address the housing crisis for Palm Bay.

Palm Bay has had a history of selling off as much land as possible to increase the tax base. In that same time little to no action was taken on preservation or conservation of lands within city limits. I would bring my environmental advocacy for land preservation and conservation to the city of Palm Bay.

I understand that at the core of a well functioning city government is the employees, staff and workers. I will defend our city from attacks and accusations from other elected officials and stand up for what is in the best interest of the city of Palm Bay.

If chosen, I understand my fiduciary responsibility is to the city, to the rights of the taxpayers and to the Constitution of the United States. I will conduct myself with those interests in mind in my decision making.

It would be my honor to serve as an official of the city of Palm Bay and I appreciate your favored support.
