It's time for you to take a break on my page. We can revisit it in the future.

Are you telling me I can't speak the facts in your page?

Robert Burns will not be defended on my page. Period. I get it that your anger at Karen over

Janice, Robert Burns is a scourge on this county who has hurt so many people. I won't apologize for doing what I can. The fact that you want to apologize for him

or equivocate for him is an issue. My suggestion is you let your fight with Karen take a break until this is over and then fight away.

She is as bad as he is

She allowed her own teenage daughter to have online affairs in her own house until she was old enough to run off to Scotland

Her boys are little racists

You have no clue who Karen is
